No. 3382 Office of the Director of Public Instruction

Bangalore, 11th January, 1882

From

The Director of Public Instruction

Mysore and Coorg

To

The Secretary to the Dewan

to His Highness the Maharaja of Mysore

Sir,

I have the honour to bring to notice the following Schools which have applied for grants-in-aid, and which appear to me deserving of Government support

2 <u>Sanskrit School, Belur</u> This is held in the precincts of the large temple, but the Muzrai Department have placed at its disposal a spacious mandapam outside, which requires cleaning and arranging On inspecting the school in November I found 30 students, taught by 3 shastris, one for Sáhitya, one for Vyákarana and one for Tarka There is, besides, a class for

H.

the study of the Veda under a learned
who teaches the White Yajur Veda, but
to be provided for from the temple funds
Belur contains a considerable Brahman community composed of the three main sects & is very good material in the students, and would recommend a grant of Rs 20 A subscription list has been forwarded of local contributions up to Rs 25 a month

Sanskrit School, Kunigal The Brahman residents who formerly lived in the Kunigal fort were compelled on account of its unhealthiness to leave it, and now reside in various parts of the petta A learned young pandit from Hulyurdroog, Isvara Shástri, is engaged in teaching the youths Sanskrit There are 25 in attendance, the highest learning Champu Ramayana The subscription list shows contributions amounting to about Rs 10 a month I would propose a grant of Rs 10 from Government

4 Sanskrit School, Chitaldroog The proposal to increase the grant of Rs 15 already given to this School was negatived in order No 3411-849 of the 10th September 1880 The Head Master, Srinivasa Sastriar, who is a highly qualified teacher, has however again applied He has 50 students studying in 5 classes, but feels unable single handed to carry on so much work I saw the School recently and found many intelligent Jangamas had joined from surrounding parts, attracted by the reputation of the master The Sch appears to me specially deserving of support and I would propose again an increase of the grant from Rs 15 to Rs 25 to enable the master to engage an assistant

In connection with the foregoing proposals I may state that I found the Aided Sanskrit School at Tumkur in so unsatisfactory and neglected a state that it was

necessary

necessary to [illegible]
to it

I have the honour to be,

Sir,

Your most obedient Servant
